

Y5 lectern

Modern lecterns - now for you

Modernize your image and enjoy

You are in charge of finding a lectern designed for solemn events? A classic revisited, the Y5 pleases the most demanding. Result of a detailed study of proportions giving it a central post treated sensitively, the Y5 disappears to highlight the sole presence of the speaker. Nobility of aluminum combined with the elegance of a slim touch of wood.

This is a perfect podium for giving conferences, public presentations or speeches. Simple to use, lots of nice options. (Assembly required).
